1. The reply filed on 1-11-02 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): In the response to the Restriction Requirement, Applicants elected sub-generic rather than a species encompassed by the claims. Furthermore, Applicants did not elect a single disclosed species as required under 35 U.S.C 121. Note, in the response Applicants elected a trifunctional branching unit such as triazine trichloride or trimesinic acid trichloride. Applicants are requested to elect a single disclosed species that would be encompassed by generic claim 1.
